Education:

Creative Circus

2021 - 2023 Graduated with a Certification in Creative Technology

Georgia State University

2017 - 2019 Studied Film and Media

Work:

Freelance Videographer | August 2018 - Present

-Creating and directing client productions and artist music videos. Working with brands to boost their social media presence, as well as working with various local and Domestic DJs to create recaps for their live shows and festivals

Live Event Production Assistant | **Eventscapes** / **Tulip Event Florals** | November 2024 - Present

-Work as a production assistant, loading, unloading, building sets, set-up, and breakdown for live events and weddings.

Front-end Developer | **Brownbag Marketing** | Feb 2023 - August 2024

Worked on the creative team at Brownbag Marketing. Collaborated with Designers, Copywriters, and Account Directors to create stunning websites. Led the team in implementing 3D assets into web design. As a front-end developer, I worked on creating websites from Figma files that the design team gave me. Worked in tandem with designers to collaborate on adding animation and altering the design if needed to be responsive. When I wasn't developing websites, I was creating 2D/3D social animations and various 2D/3D web assets. I also worked as a secondary Videographer on corporate commercial sets.

Video Production | **Bearpaw Partners** | November 2020 - March 2023

Worked with a small video team to help local businesses market their brand. Created various animations in After Effects to boost the brand's social media presence. I also attended the Creative Circus while working here and was able to balance school and agency deadlines.
